## 1. Basis of preparation

This condensed consolidated interim financial information for the six months ended 30 June 2007 has been prepared in accordance with HKAS 34, 'Interim financial reporting'. The interim condensed financial report should be read in conjunction with the annual financial statements for the year ended 31 December 2006.

## 2. Accounting policies

The accounting policies adopted are consistent with those of the annual financial statements for the year ended 31 December 2006 as described in the annual financial statements for the year ended 31 December 2006, except the accounting policy for the determination of the surplus reserve in consolidated balance sheet and statement of changes in equity as disclosed below:

During the period ended 30 June 2007, the Group changed its policy for reserve appropriation that share of profits from subsidiaries after reserve appropriations would not be subject to reserve appropriation at Company level. As a result of such change, the Group restated its reserve balances of prior years retroactively.

The effect of such change in current period is shown below:

	As at 30 June 2007 RMB'000 (Unaudited)
Increase in retained earnings brought forward	236,203
Decrease in surplus reserve	<u>(236,203)</u>

The following new standards, amendments to standards and interpretations are mandatory for financial year ending 31 December 2007.

- HK(IFRIC)-Int 10, Interim Financial Reporting and Impairment (effective for annual periods beginning on or after 1 November 2006). HK(IFRIC)-Int 10 prohibits the impairment losses recognised in an interim period on goodwill, investments in equity instruments and investments in financial assets carried at cost to be reversed at a subsequent balance sheet date. The Group has followed the requirements of this interpretation note.
- HKFRS 7, "Financial instruments: Disclosures", effective for annual periods beginning on or after 1 January 2007. HKAS 1, "Amendments to capital disclosures", effect for annual periods beginning on or after 1 January 2007. The Group assessed the impact of HKFRS 7 and the amendment to HKAS 1 and concluded that the main additional disclosures will be the sensitivity analysis to market risk and capital disclosures required by the amendment of HKAS 1.

The following interpretations have been published that are mandatory for financial year ending 31 December 2007 but are not relevant to the Group's operations:

- HK(IFRIC)-Int 8, Scope of HKFRS 2 (effective for annual periods beginning on or after 1 May 2006). HK(IFRIC)-Int 8 requires consideration of transactions involving the issuance of equity instruments — where the identifiable consideration received is less than the fair value of the equity instruments issued — to establish whether or not they fall within the scope of HKFRS 2. Management do not expect this interpretation to have any impact on the Group;

- HK(IFRIC)-Int 7, Applying the Restatement Approach under HKAS 29, Financial Reporting in Hyperinflationary Economies (effective from 1 March 2006). HK(IFRIC)-Int 7 provides guidance on how to apply requirements of HKAS 29 in a reporting period in which an entity identifies the existence of hyperinflation in the economy of its functional Currency, when the economy was not hyperinflationary in the prior period. As none of the group entities have a currency of a hyperinflationary economy as its functional currency, HK(IFRIC)-Int 7 is not relevant to the Group's operations; and
- HK(IFRIC)-Int 9, Reassessment of embedded derivatives (effective for annual periods beginning on or after 1 June 2006). HK(IFRIC)-Int 9 requires an entity to assess whether an embedded derivative is required to be separated from the host contract and accounted for as a derivative when the entity first becomes a party to the contract. Subsequent reassessment is prohibited unless there is a change in the terms of the contract that significantly modifies the cash flows that otherwise would be required under the contract, in which case reassessment is required. As none of the group entities have changed the terms of their contracts, HK(IFRIC)-Int 9 is not relevant to the Group's operations.

The following new standards, amendment to the standards and interpretation have been issued but are not effective for 2007 and have not been early adopted:

- HK(IFRIC)-Int 11 — FRS2, Group and Treasury Share Transaction (effective for annual periods beginning on or after 1 March 2007). IFRIC-Int 11 provides guidance on the how to apply requirements of IFRS 2 when involving the equity instruments of the parent or subsidiaries and when involving the purchase of the entity's own equity instrument from third parties. HK(IFRIC)-Int 11 does not have material impact on the Group's operation;
- HK(IFRIC)-Int 12, Service Concession Arrangements (effective for annual periods beginning on or after 1 January 2008) which gives guidance on the accounting by operation for public-to-private service concession arrangement. As the Group does not engage into such operations, IFRIC-Int 12 is not relevant to the Group's operation;
- HKFRS8, Operating Segments (effective for annual periods beginning on or after 1 January 2009) supersedes HKAS 14, Segment Reporting and requires the reporting of financial and descriptive information about an entity's reportable segments on the basis of internal reports that are regularly reviewed by its management. The Group is still in the process to assess the impact of HKFRS 8. The Group will apply HKFRS 8 from 1 January 2009; and
- Amendment to HKAS 23, "Borrowing costs" (effective for annual periods beginning on or after 1 January 2009). The revised HKAS 23 requires management to capitalize borrowing costs attributable to qualifying assets. Qualifying assets are assets that take a substantial time to get ready for their intended use or sale. The Group is still in the process to assess the impact of HKAS 23, however currently the directors are of the view that the revised HKAS 23 will not have material impact to the Group as the Group has already adopted the alternative approach under existing HKAS 23 which is similar to the revised HKAS 23. The group will apply HKAS 23 from 1 January 2009.

Deferred income tax	(62)	(12,311)
	<u>151,252</u>	<u>112,978</u>

#### (i) Hong Kong income tax

Hong Kong income tax has been provided at the rate of 17.5% (2006: 17.5%) on the estimated assessable profit for the year.

#### (ii) PRC enterprise income tax ("EIT")

EIT is provided on the estimated assessable income of the year calculated in accordance with the relevant regulations of the PRC after considering all the available tax benefits from refunds and allowances.

In accordance with an approval document dated 18th April 1994 issued by the State Administration for Taxation ("SAT") of the PRC, net profit earned by the Company is subject to EIT at 15%, which is effective from the date of establishment of the Company and until there is further changes of the relevant laws and regulations. Accordingly, the Company applied 15% EIT rate in preparing the Interim Financial Statements.

Tsingtao Brewery (Xiamen) Company Limited ("Xiamen Company") was approved as enterprises with foreign investment and therefore, it is exempt from EIT for two years starting from the first year of profit-marking after offsetting prior year tax losses, followed by a 50% reduction for the next three consecutive years thereafter. 2007 is the fourth profitable year of Xiamen Company. Accordingly, EIT for Xiamen Company was provided at reduced rates of 7.5%.

Shenzhen Tsingtao Brewery Sales Company Limited, Shenzhen Tsingtao Beer Asahi Company Limited, Huanan Holding Company Limited, Tsingtao Brewery (Zhuhai) Company and Dongnan sales company limited were established in Shenzhen, Zhuhai and Xiamen Special Economic Zones for the PRC where they conduct their operations. Accordingly, they are subject to EIT at a reduced rate of 15%.

Other subsidiaries of the Group which are established and operating in the PRC are subject to EIT at a standard rate of 33% based on their respective assessable income for the period.

On 16 March 2007, the 10th National Peoples Congress of PRC approved the PRC Corporate Income Tax Law ("CIT Law"), being effective on 1 January 2008. The CIT rate of the Company and those subsidiaries without tax preferential treatments will be changed to 25% from then onwards. Detailed measures and regulations on the determination of taxable profit, tax incentives and grandfathering provisions for the tax preferential treatments will be issued by the State Council in due course under the new CIT Law. As and when the State Council announces the additional regulations, the Group will assess their impact, if any, and this change in accounting

estimate will be accounted for prospectively. In addition, on 5 July 2007, the Company became aware of a notice which was issued by State Administration of Tax ("SAT") in June 2007 (the "Notice") regarding the preferential tax treatment granted to nine state-owned enterprises listed on Hong Kong Stock Exchange in 1993 (including the Company). According to the Notice, the relevant local tax authorities are required to immediately rectify the expired preferential tax treatments adopted by the Company and take appropriate action on the differences of income taxes collected in prior years arising therefore in accordance with the applicable rules and provisions under the Law on Tax Collection and Administration of the PRC. As of the date of approval of these interim financial statements, the tax authorities had not yet advised the Company their assessment results on the tax position of the Company. The income tax expense will increase and, the net profit for the period ended 30 June 2007 will decrease by approximately RMB73,289,000 if 33% of EIT rate is applied. Upon finalisation of the assessment with the tax authorities, the Company would make any necessary adjustments to this estimate.

**(b) Value-added tax ("VAT")**
